

*What should be the Goal for skills Development
In the OECS?*

**To prepare a person to function
competitively in the sub-region, the
region, and the wider world.**

What should be the policies and guiding principles to achieve that gold?

1. The OECS policy document for TVET

2. The elements of the ideal CARICOM

A person who display multiple literacies

Emotional intelligence

Historically conscious

Respect for Gender and Diversity

Environmentally Sensitive

What should be the policies and guiding principles to achieve that goal? Cont...

3. UNESCO's Pillars and Foundation for learning

4. School as the agent of change

5. All students can learn equally

How should progress be monitored?

Through :

Classroom level

School level

National level

Sub-regional level
